Email 101

Please be aware that you are writing me, the teacher of your mathematics course at a major university, and not text messaging a friend. The opening of the email should be something of the order of “*Dear*” or “*Dr.*”, etc. As well, please note that *you* is spelled “y-o-u”, not “u”, and *are* is spelled “a-r-e”, not “r”. Proper grammar and punctuation are expected. Lastly, please be sure to close your correspondence by stating your name.

Grades 101

No one has ever been put on probation because of a single bad grade. Academic Probation is the result of bad grades, not a bad grade.

Extra credit assignments are rare (i.e. we will not have any).

Also, the time to improve your grade is now. You have 15+ weeks to earn your grade. DO NOT CONTACT ME when the semester is over and ask me if you can do extra credit to improve your grade.

Academic Misconduct:

This will not be tolerated.

Please do not put me in a situation where I have to deal with this.

Be smart - do not even give the appearance of cheating.

Student Evaluations

You are encouraged to read former students evaluations at <http://www.ratemyprofessors.com>. Please be aware that I have evaluations at the University of Memphis, Rhodes College, and the University of Tennessee, Knoxville

Advice

I will close with the following advice. If you wish to do well in my class, then you will

- Come to class;
- Do all your homework (“all” means all);
- Ask questions when you have them.
